VULTURES

"There in the sky I saw the screaming alien birds. They had come to invade our earth. People ran in wild panic and desperation in some vain hope of escape. But there was no escape. The aliens swooped from out of the sky killing anyone in their path. I alone decided to stay and fight, but then the eggs hatched and the true horror began....."

An arcade style game written in machine code for breathtaking action. Features includescore and high score counters, Hall of Fame record and bonus lives.
REQUIRES ONE RIGHT JOYSTICK.
